Thank you for contacting **Professional Hearing Solutions by Dr. Jill** regarding your hearing healthcare needs. With over 20 years' experience, Dr. Jill Nesham, provides comprehensive audiology services, including hearing evaluations, new hearing aid fittings, speech-in-noise testing, real-ear verification, advanced cerumen removal, hearing instrument repair, reprogramming and fine-tuning of current hearing instruments as well as custom hearing protection and tinnitus management solutions.

If our clinic is on an approved provider list with your insurance and you have a hearing benefit, we will file claims on your behalf with your insurance company. If your insurance does not pay for office visits or supplies, if you have copay, or you are uninsured, we ask that services be paid before leaving the office. As a courtesy to you, our office accepts cash, personal checks and credit cards. *Typically,* chargers for your first visit range from $100 to $300, depending on test results and the extent of testing required to determine treatment options. 100% of that is applied to hearing treatment options such as hearing instruments.

Our practice strives to exceed your highest expectations by providing the time and individual attention you deserve. At **Professional Hearing Solutions by Dr. Jill**, we are truly passionate about improving your quality of life through better hearing. Please feel free to contact us with questions at (319) 393-4673, or via email at reception@hearingbydrjill.com. Again, thank you for contacting us at **Professional Hearing Solutions by Dr. Jill.**

We look forward to meeting you.
